I remember a time when i was younger and i said i didn't like football at all couple of years later i tried out in 6th grade it took me some time to get used to it at that time but i got the hang of the morning practices and the really hot days and the workouts. The middle school i attended at that time was Margaret Greene middle school in cleveland mississippi couple of more years later i tried out in high school i was in love with the sport and still is. I played football all four years of high school my passion for football back then was negative but now i live and breathe football the college i will be attending after graduation is Arkansas Baptist i will be continue 2 years there and will later transfer somewhere close to home. I made a big diffenes in my life i am a better proson then i was back then and more in new things and better things. My life now is a dream that i will keep on living and doing bigger and bigger things to get where i need to be at and going to live my best life everb and put my famliy in a good home and have things they want and need. But college with be a new thing for me but im looking into it and i can't wait to go and have a great time and do what i have to do to get where i need to be like the NFL.j
